The Commission, upon its own motion or at the request of a member company or a State commission, may, after notice and opportunity for hearing, by order require a reallocation or reapportionment of costs among member companies of a mutual service company if it finds the existing allocation inequitable and may require the elimination of a service or services to a member company which does not bear its fair proportion of costs or which, by reason of its size or other circumstances, does not require such service or services. The Commission, after notice and opportunity for hearing, by order shall revoke, suspend, or modify the approval given any mutual service company if it finds that such company has persistently violated any provision of this section or any rule, regulation, or order thereunder.

(f) Contracts by persons engaged in performance of service, sales and construction in contravention of rules of Commission

It shall be unlawful for any person whose principal business is the performance of service, sales, or construction contracts for public-utility or holding companies, by use of the mails or any means or instrumentality of interstate commerce, to enter into or take any step in the performance of any service, sales, or construction contract with any public-utility company, or for any such person, by use of the mails or any means or instrumentality of interstate commerce, or otherwise, to enter into or take any step in the performance of any service, sales, or construction contract with any public-utility company engaged in interstate commerce, or with any registered holding company or any subsidiary company of a registered holding company, in contravention of such rules and regulations or orders regarding reports, accounts, costs, maintenance of competitive conditions, disclosure of interest, duration of contracts, and similar matters as the Commission deems necessary or appropriate in the public interest or for the protection of investors or consumers or to prevent the circumvention of the provisions

(g) Investigations and recommendations by Commission

The Commission, in order to obtain information to serve as a basis for recommending further legislation, shall from time to time conduct investigations regarding the making, performance, and costs of service, sales, and construction contracts with holding companies and subsidiary companies thereof and with public-utility companies, the economies resulting therefrom, and the desirability thereof. The Commission shall report to Congress, from time to time, the results of such investigations, together with such recommendations for legislation as it deems advisable. On the basis of such investigations the Commission shall classify the different types of such contracts and the work done thereunder, and shall make recommendations from time to time regarding the standards and scope of such contracts in relation to public-utility companies of different kinds and sizes and the costs incurred thereunder and economies resulting therefrom. Such recommendations shall be made available to State commissions, public-utility companies, and to the public in such form and at such reasonable charge as the Commission may prescribe.
